ONLY FOR PROXIMITY MODELS

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
 - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help.

Ⓜ

Declaration of conformity

By means of the present Salto Systems S.L. (Pol. Lanbarren C/Arkotz, 9 - 20180 Olartzun - Spain - CIF B20708517), declares that this equipment fulfills the essential requirements and any other applicable or indispensable dispositions of the Directive 1999/5/CE or the Directive 89/336/EEC. You will be able to find a copy of the original declaration of conformity at the following Internet address:
<http://www.saltoaccess.com>

All proximity models are "Receiver class 3".

Ⓨ

Declaración de conformidad

Por medio de la presente Salto Systems S.L. (Pol.
